

The Daily Gazetteer:

NUM. 1494

THURSDAY, APRIL 3. 1740.

N^o. 1492

Last Night arrived the Two Mails due from Holland.

According to Letters of the 8th of March from Cadiz, such Preparations are making in several Parts of the Kingdom of Spain, that some grand Event is expected. Those of the 15th from Madrid say the same Conjecture is formed there, from the Orders sent to several Ports of the Kingdom, where the Men of War sit for Service are getting ready with all Haste; and that the Spanish Troops carry'd over at several Times to Majorca, only wait for Orders from Court, to repair to the Isle of Minorca to lay Siege to Port Mahon. The Duke of Ormond was not yet arriv'd at Madrid. The News brought by the last Advice-ship from the West-Indies is kept as a profound Secret.

They write from Hungary, that the Count de Piosaque, a Lieutenant Vicer-Marshal of the Emperor's Forces, and a Native of Piedmont, is dead; and that a Communication is open'd with Buda, there being no Sign of the Plague now in that Country.

The Abbot of St. Gall, who was chose on the 16th of December 1711, dy'd the 7th ult. N. S. aged 73.

The last Advices from Berlin say the King of Prussia was so much better that the Dutch Envoy Extraordinary Baron Ginkle had a private Audience of him.

They have had another Inundation at Lisbon, which has spoil'd all the Sugars in the Warehouse and at the Customhouse. The Diamond Mines are said to be there for a Million and 380000 Crusados, and 600 Slaves are to be employ'd in them.

They have had Advice from Goa, that in November last 20000 Indians and Arabs return'd before that Place; but that the Viceray with his Garrison, the Clergy, and the principal Inhabitants, fall'd out upon them, and forc'd them to retire and leave their Cannon and Baggage.

They write from Rome of the 19th ult. N. S. that nothing considerable has yet been done in the Conclave; and that Cardinal Accoramboni is attack'd with a Leprosy.

They add, that the Week before Cardinal Albani had 22 Votes in the Conclave, but that he seems very modest as to any Hopes he has of the Triple Crown. There are four Hats vacant in the Sacred College, and others are like to be so if the present Sickness in it continues. The Chevalier de St. George is very attentive to what passes in the Conclave.

Letters of the 14th ult. N. S. from Petersburg say, that a Soph with its Fortifications is entirely laid level with the Ground.

LONDON.

The Seahorse, Capt. Read, bound from the West of England to Civita Vecchia, was attack'd near the latter by two Spanish Xabiques of 70 Men each, with whom he maintain'd a Fight for a considerable time, having been boarded several times, but clear'd by taking to their Close-quarters, till getting under the Cannon of the Fort, (which is in the Pope's Territories) the Spaniards again attack'd her; they relying on the Neutrality of the Port, struck. She was brought into Civita Vecchia, but 'twas believ'd would be clear'd. The Seahorse had 6 Guns, and but 8 Men, including the Master, who, with two more, was wounded. The Spaniards had 10 Men kill'd, and 15 wounded.

Rome, March 19. N. S. The Cardinals at the Conclave have order'd an English Ship taken by a Spanish Privateer under the Cannon of Civita Vecchia and carry'd into that Port to be releas'd, and that no Spanish Privateer shall bring in any more English Prizes there for the future.

Which in a few Days infallibly cure

HYPOCHONDRIACK MELANCHOLY in MEN, and the VAPOURS in WOMEN, so as never to return again, be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual: and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimic, by Turns, almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Cruditates and turbulent or windy Disorders in the first Passages, sour Belchings, Cholick, Uneasiness in the Bowels, and ill Humors, which offend the Nerves, and, by Consent of Parts, affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, Flushing Heats, Reachings, Faintness, Lowness and Sinking of Spirits, Palpitation of the Heart, Startings, Tremblings, and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering Pain and Weakness in the Back, and other, almost innumerable and grievous, Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms, in their sharpest Paroxysms, these so-much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specifics in the Mineral, Vegetable, and Animal Kingdoms, and exalted to the highest Degree of Perfection possible) instantly quell, and at the same time annihilate their real Cause, directly bringing the Stomach into right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and cheerful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves; so that both Cause and Effects of Melancholy and Vapours, are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured, evince.

Whoever takes them for 3 Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Cross-Key and Star in Cornhill, near Stocks-Market, at 1s. 6d. a Bottle with Directions.
